

SMALL DISADVANTAGED BUSINESS UTILIZATION TARGET GOAL

Provide the target in dollars below as required by FAR 19.1204 and DFARS 219.1203

\$ _____

To determine if the small disadvantaged business (SDB) utilization target applies to this contract, check the website at <http://www.arnet.gov/References/sdbadjustments.htm>. The target includes total planned dollars under this contract for small disadvantaged business concerns for work that is performed in the SIC/NAICS Major Groups as determined by the Department of Commerce and included on the listing at the above website.

Participation in performance of the contract includes joint ventures, teaming arrangement, and subcontracts. If firm commitments exist with SDB firms, attach a list of those firms, the type of work that is planned to subcontract with those firms and the designated SIC/NAICS Major Group

We will evaluate all large primes SDB subcontracting dollar target against the subcontracting plan that was submitted with a percentage goal for SDB participation.

All SDB firms should include the dollar value of the work they plan to do in house, in addition to the work that is planned for subcontracts in the target above.

The SIC/NAICS on the prime contract does not rule, the SIC/NAICS for the work planned for subcontracting should be checked on the above website for inclusion in the SDB utilization target program.
